India

TECHNICAL SKILLS

- Java, Python
- HTML, CSS, JavaScript
- Full-Stack & Backend Development
- REST API concepts
- SQL & Database Management
- Git & GitHub
- Visual Studio Code
- OOP, DBMS & Operating Systems
- Computer Networks
- AWS Fundamentals & Linux
- Docker & CI/CD Fundamentals
- Debugging & Troubleshooting

WEBSITES / PROFILES

GitHub
github.com/Raquibkhan9781

LANGUAGES

Hindi — Fluent
English — Working Proficiency

PROFILE

Motivated BCA undergraduate with hands-on knowledge of Java, Python, web development, databases, REST APIs and software development fundamentals. Built practical applications across frontend, backend and database concepts. Interested in software development, cloud technologies and IT infrastructure.

EDUCATION

BACHELOR OF COMPUTER APPLICATIONS (BCA)

Indraprastha Engineering College — CCSU Meerut | Undergraduate — Pursuing

CLASS XII | 57.6%

Harishankar Verma Co-Operative Inter College, Rajnagar, Raxaul, East Champaran, Bihar

CLASS X | 76.7%

NDHS Purandra Bhelahi, East Champaran, Bihar

PROJECTS

REAL-TIME CCTV MONITORING & RECORDING PLATFORM

Full-Stack Web Application

- Built a platform for viewing camera feeds and monitoring activity.
- Implemented camera monitoring and video recording features using APIs.
- Worked across frontend, backend and database components.
- Added functionality for storing and managing recorded CCTV data.

SMART TRAFFIC MANAGEMENT SYSTEM

Smart Traffic | Traffic Monitoring Project

- Designed a smart-traffic project concept focused on monitoring traffic conditions and improving traffic flow.
- Organized traffic-status information to help identify congestion and support better traffic management.

RESTAURANT BILLING & MENU MANAGEMENT SYSTEM

Python | Database | Web Technologies

- Developed menu management, order handling and customer billing features.
- Implemented item selection and bill calculation; applied backend and database concepts.

TARGET IT ROLES

Software Developer Trainee • Java Developer Trainee • Python Developer Trainee • Junior Web/Full-Stack Developer • Backend Developer Trainee • IT Support Engineer • Technical Support Engineer • Cloud/DevOps Trainee
